

Register Now for Summit 2018

14th August | Belmont Square Conference centre, Cape Town
16th August | Midrand Conference centre, Johannesburg

The world is becoming more interconnected and information-driven. Businesses can stand or fall on their ability to make sense of new sources of data and figure out how to apply intelligent technologies to optimize and monetize their operations. That's not a journey you need navigate solo.

Summit: A New Intelligence for a Connected World

We invite you to join us for our **FREE** Summit on either August 14th at Belmont Square Conference centre, Cape Town or August 16th at Midrand Conference centre, Johannesburg where Dr Rado Kotorov - chief innovation officer and global vice president, will be the key note speaker.

Our packed agenda will tackle pressing business challenges including:

- How to build a trusted data foundation to deliver insight
- Making adoption of analytics more pervasive in your organization
- Monetising data to create new sources of value

Visionary and innovative programme

Leading speakers from the industry

Gain valuable insights from our experts

Given that spaces for this event will be limited, we'd urge you to register soon to secure your attendance.
